

## Appendix A References

Public Law 93-251, Section 73

### ER 1105-2-100

Guidance for Conducting Civil Works Planning Studies

### ER 1110-2-1150

Engineering and Design for Civil Works Projects

### ER 1110-2-1460

Hydrologic Engineering Management

### EP 1110-2-7

Hydrologic Risks

### EP 1105-2-10

Six Steps to a Civil Works Project

### EM 1110-2-1411

Standard Project Flood Determinations

### EM 1110-2-1413

Hydrologic Analysis of Interior Areas

### EM 1110-2-1415

Hydrologic Frequency Analysis

### EM 1110-2-1416

River Hydraulics

### Chow 1959

Chow, Ven Te. 1959. *Open Channel Hydraulics*, McGraw-Hill, New York.

### Fread 1978

Fread, D. L. 1978. "National Weather Service Operational Dynamic Wave Model, Verification of Mathematical and Physical Models in Hydraulic Engineering," *Proceedings of 26th Annual Hydraulics Division Specialty Conference*, ASCE, College Park, MD.

### Hydrology Sub-Committee 1985

Hydrology Sub-Committee. 1985. "Guidelines on Community Local Flood Warning and Response Systems," Federal Inter-agency Advisory Committee on Water Data, U.S. Department of the Interior, Geological Survey, Office of Water Data Coordination, Reston, VA.

### McCuen 1989

McCuen, Richard H. 1989. *Hydrologic Analysis and Design*, Prentice-Hall, New Jersey.

### National Oceanic and Atmospheric Administration 1973

National Oceanic and Atmospheric Administration. 1973. *Precipitation Frequency Atlas of the Western United States*, Department of Commerce, National Oceanic and Atmospheric Administration, National Weather Service, Silver Spring, MD, Atlas 2, Vol 1-13.

### National Weather Service 1961

National Weather Service. 1961. "Rainfall Atlas of the United States, 30-minute to 24-hour Durations, 1 to 100-year Return Periods," Technical Publication 40, Department of Commerce, National Weather Service, Washington, DC.

### National Weather Service 1962

National Weather Service. 1962. "Rainfall Frequency Atlas for the Hawaiian Islands, Durations to 24 Hours, Return Periods to 100 Years," Technical Publication 43, Department of Commerce, National Weather Service, Washington, DC.

### National Weather Service 1963

National Weather Service. 1963. "Probable Maximum Precipitation and Rainfall Frequency Data for Alaska, Durations to 24 Hours, Return Periods to 100 Years," Technical Publication 47, Department of Commerce, National Weather Service, Washington, DC.

### National Weather Service 1964

National Weather Service. 1964. "Two to Ten Day Precipitation for Return Periods of 2 to 100 Years in the Contiguous United States," Technical Publication 49, Department of Commerce, National Weather Service, Washington, DC.

### National Weather Service 1965a

National Weather Service. 1965a. "Two to Ten Day Precipitation for Return Periods of 2 to 100 Years in Alaska," Technical Publication 52, Department of Commerce, National Weather Service, Washington, DC.

### National Weather Service 1965b

National Weather Service. 1965b. "Two to Ten Day Rainfall for Return Periods 2 to 100 Years in the Hawaiian Islands," Technical Publication 51, Department of Commerce, National Weather Service, Washington, DC.

**National Weather Service 1977**

National Weather Service. 1977. "Five to Sixty Minute Precipitation Frequency for the Eastern Central U.S.," Technical Memorandum NWS HYDRO-35, Office of Hydrology, Department of Commerce, National Oceanic and Atmospheric Administration, National Weather Service, Silver Spring, MD.

**National Weather Service 1982**

National Weather Service. 1982. "Application of Probable Maximum Precipitation Estimates-United States East of the 105th Meridian," Hydrometeorological Report No. 52, Office of Hydrology, Department of Commerce, National Oceanic and Atmospheric Administration, National Weather Service, Silver Spring, MD.

**U.S. Army Corps of Engineers 1981**

U.S. Army Corps of Engineers. 1981. "Hydrologic Engineering for Planners," Training Document No. 14, U.S. Army Corps of Engineers Hydrologic Engineering Center.

**U.S. Army Corps of Engineers 1986**

U.S. Army Corps of Engineers. 1986. "Accuracy of Computed Water Surface Profiles," U.S. Army Corps of Engineers Hydrologic Engineering Center.

**U.S. Army Corps of Engineers 1990a**

U.S. Army Corps of Engineers. 1990a. "HEC-1, Flood Hydrograph Package," Hydrologic Engineering Center.

**U.S. Army Corps of Engineers 1990b**

U.S. Army Corps of Engineers. 1990b. "HEC-2, Water Surface Profiles," Hydrologic Engineering Center.

**U.S. Army Corps of Engineers 1991a**

U.S. Army Corps of Engineers. 1991a. "HEC-6, Scour and Deposition in Rivers and Reservoirs," Hydrologic Engineering Center.

**U.S. Army Corps of Engineers 1991b**

U.S. Army Corps of Engineers. 1991b. "UNET, One-Dimensional Unsteady Flow Through a Full Network of Open Channels," Hydrologic Engineering Center.

**U.S. Department of the Interior 1982**

U.S. Department of the Interior. 1982. "Guidelines for Determining Flood Flow Frequencies," Bulletin 17B, Geological Survey, Inter-Agency Advisory Committee on Water Data, Hydrology Sub-Committee, Office of Water Data Coordination, Reston, VA.

**U.S. Geological Survey 1983**

U.S. Geological Survey. 1983. "Flood Characteristics of Urban Watersheds in the United States," Water Supply Paper 2207.

**Water Resources Council 1982**

Water Resources Council. 1982. "Guidance for Determining Flood Flow Frequency," Bulletin No. 17B, Geological Survey, U.S. Department of the Interior.
